DR. PRICE'S CREAM BAKING POWDER
MOST PERFECT MADE.

NEW YORK'S GREAT CHEMIST.

This is to certify that I have analyzed Dr. Price's Cream Baking Powder. I find it composed of pure materials, compounded on correct scientific principles. The ingredients are accurately and scientifically proportioned. Hence, bread or biscuits prepared with it are better suited for digestion.

CONGRESSIONAL PROCEEDINGS.

Bruiser Sullivan Wants to Meet Corbett.

A Sacramento Man has a Very Close Call.

Mysterious Shooting.

SACRAMENTO, April 3.—The news of a mysterious shooting became public to-day. On the night of April 1st there was a party at the house of Mrs. Spencer. Charles Sexton and Miss Alice Jones, on their way there, went by the house of Mrs. Young to escort Miss Hill, who was stopping there, to Mrs. Spencer's. On their return, after the party, as the three reached Mrs. Young's, Miss Hill fell back about ten feet behind Sexton and Miss Jones. Sexton tried to open the gate, but found a board nailed across it. He tried to remove it, when a gun was fired from the direction of the Young house. The charge passed within a few inches of Miss Jones, and the muzzle of the gun was so close to Sexton's head that he has been deaf in the left ear ever since. It appears as if the gun had been connected with the board by a wire, so as to explode when the board was moved.

A warrant has been issued for the arrest of the son of Mrs. Young for the crime. He was infatuated with Miss Hill, and it is believed he was jealous of Sexton and wished to remove him.

Anxious to Meet Corbett.

BOSTON, April 5.—John L. Sullivan was seen in regard to the published report that, Jen Corbett, a San Francisco heavy-weight was anxious to try his skill against the champion.
"I am more than ready to meet Corbett," said Sullivan, "but only on one condition. If we are to box four rounds I'll contract to put him to sleep in that time. If I succeed I am to get \$1,000; if I don't, he gets the money. No half-and-half business about it. These contests for gate receipts savor too much of fakery. You can say that John L. Sullivan will fight Corbett four rounds for \$1,000, and if he does not whip him in that time he will not accept a cent."

Secretary J. M. Slattery of the Gladstone Club of Providence, who was present, said the club will give \$1,000 for a contest between Sullivan and Corbett if it can be arranged for April 23d.

The Breaking Levees.

ROSELAND, Miss., April 5.—The new levee at Catfish Point broke yesterday morning, and the water is rushing through a gap 600 feet wide. It has been looked on as weak for some time. Most of the plantations were affected already more or less by the inundation from the break at Eastern and Huntington. Many of the best estates in the county will be flooded. It is believed no human lives are endangered.

Dom Pedro Very Ill.

CANBERRA, April 5.—The illness of Dom Pedro has assumed a critical phase. He was in a comatose state during the greater part of yesterday. His condition is so serious that it was deemed necessary to administer the last sacrament. His physicians say, however, that, while his weakness is extreme, he is in no immediate danger.

Congressional Matters.

By Associated Press.
WASHINGTON, April 5.—Among the petitions presented to the Senate was one from the President of the Methodist Church Mission, protesting against the passage of the bill providing for the imprisonment of Chinese found in this country without certificates.

Resolutions of the Board of Commerce of San Francisco against the repeal of the Chinese Exclusion Act, and for additional legislation to effectually prevent Chinese immigration, were also read.

The House bill to provide for town site entries on lands in Oklahoma was passed.

The bill for the inspection of meats, food, etc., provides that the Secretary of Agriculture may cause to be made a careful inspection of salted pork and bacon intended for exportation, with a view to determining whether the same is wholesome, sound and fit for human food, whenever the laws, regulations or orders of any foreign country to which such pork or bacon is to be exported shall require an inspection thereof; and, also, whenever any buyer, seller or exporter of such meats intended for exportation shall request an inspection thereof. It forbids the importation of any adulterated or unwholesome food or adulterated wines or liquors.

The President has issued a proclamation suspending the importation of animals, in order to guard against infectious or contagious diseases.

The bill for the disposal of the interest on the Virginian indemnity fund, by its distribution among the persons who have already established their right to participate in the fund, was passed.

A bill to authorize the Secretary of the Treasury to settle and pay to the owners of private dues the balance of the commissions due them, appropriating \$350,000, was considered and passed.

The bill appropriating \$500,000 for an additional fireproof building for the National Museum was passed.

By request, Senator Ingalls to-day introduced a bill providing for the system of banking by the United States proposed by the Wage-Workers Alliance, which provides for the establishment of an executive department of banking, with a secretary at the head with a salary of \$4,000, and four assistant secretaries with salaries at \$5,000. Banking for the people shall be done free of cost, exclusive of such merely nominal fees as are necessary to pay expenses. Branches shall be established at the postoffices throughout the country and maintained as long as necessary. Loans are to be made on security, with interest payable on the 31st of December of every year. A failure to pay the interest terminates the loan, and after the sale of the security the excess over the loan, if any, shall be paid to the borrower. The money necessary for the transactions of the department to be furnished by the treasury of the United States, and shall be a full legal tender for all debts and dues within the United States. The money to be printed by hand of silk-threaded paper at the bureau of engraving and printing in the following denominations: One, two, three and five mills; one, two, three and five cents; one, two, three and five dimes; one, two, three and five dollars; one, two, three and five eagles; one, two, three and five dollars (\$100); one, two, three and five talents (\$1,000).

HOUSE.

The bill passed amending the articles of war, to provide that in times of peace general courts-martial for the trial of commissioned officers are to be appointed only by the President, the General commanding the army or a General officer commanding a military division; that the Judge Advocate must not be present at any of the deliberations of the courts-martial in close session. Also, a bill providing that in time of peace all enlisted men, charged with offences now cognizable by garrison or regimental courts-martial, shall be brought before a summary court, which shall consist of five officers of the line second in rank, at the post or station, or in command of the alleged offender, who shall hear and determine the case, and, when satisfied of the guilt of the accused, adjudge the punishment. The accused may object to a hearing by a summary court, and demand a trial by a court-martial, which shall be granted by right.

By a party vote of 7 to 5 the House committee on the election of President, Vice-President and Representatives in Congress to-day authorized a favorable report, with amendments, on the McCammon bill, to prevent the gerrymandering of Congressional districts. The bill also provides that Representatives to the Fifty-second Congress shall be elected from districts composed of the same territory and having the same boundaries as those from which the Representatives in the Fifty-first Congress were elected. A minority of the committee will submit a report in opposition to the bill.

Liquor Traffic Investigation.

WASHINGTON, April 4.—J. D. Taylor, from the Committee on Alcoholic Liquor Traffic, to-day reported to the House a bill agreed upon by the committee providing for the appointment of an Alcoholic Liquor Traffic Commission. The report of the committee says it is time to investigate the truth or falsity of the statement that it causes four-fifths of all the crime committed, wastes one-half of our taxation, causes the expenditure of \$80,000,000 a year in drink and incapacitates mentally and physically half a million of people for labor and business.

A Terrible Crime.

CHICAGO, April 5.—Geo. R. Noonan and wife of Englewood, died this morning, and a daughter is seriously ill from the effects of poison, thought to have been administered last night. A servant girl, Emma Stark, who is suspected of the crime, left this morning for Laporte, Ind., and the police have been telegraphed to arrest her. A girl, resembling the servant, bought Rough on Rats at a drug store near the scene of the poisoning yesterday afternoon.

Federal Nominations.

WASHINGTON, April 5.—The President to-day sent to the Senate the following nominations: Lewis A. Grant of Minnesota, Assistant Secretary of War; Brigadier-General Nelson A. Miles, Major-General; Colonel B. H. Grierson of the Tenth Cavalry, Brigadier-General.

Postmasters—Wilson Dillen, Evans, Wyo.; A. W. Bishop, Oakland, Cal.; Miss Emma Hoke, Sonoma, Cal.; W. W. Old, Leadville, Col.; Augusta S. Mallory, Heppner, Or.

A Successful Mission.

By Cable and Associated Press.
COLOGNE, April 5.—The Gazette has advice from Mombasa, East Africa, that the mission of Lieutenant Ehlers to Sultan Mandars, resulted successfully. The Sultan and eight other chiefs have hoisted the German flag.

Indefinitely Postponed.

By Associated Press.
DES MOINES, Iowa, April 5.—In the Committee of the Whole, the House to-day recommended the indefinite postponement of action on the liquor license bill, by a vote of 51 to 47. The committee arose and the House adjourned without action.

Another Crooked Accountant.

By Associated Press.
KANSAS CITY, April 5.—John B. Price, head bookkeeper for Hall & Willis, wholesale hardware dealers, has absconded. He is a defaulter to an amount estimated at \$10,000.

Powder Mill Blown Up.

By Associated Press.
BARLOW, N. Y., April 5.—The powder works at Barlow blew up this afternoon. Two men were killed, and great damage was done to the houses in that vicinity.

A Village Burned.

By Associated Press.
THERESA, N. Y., April 5.—The business section of this village was destroyed by fire this morning. Forty-two buildings were burned, and the loss is from \$150,000 to \$200,000.

Weekly Bank Statement.

By Associated Press.
NEW YORK, April 5.—The bank statement shows a reserve decrease of \$2,888,000, and a specie decrease of \$1,144,000. The banks now hold \$1,442,000 in excess of the rule.

A Mexican War Pension.

The application of Mrs. Thomas J. Jackson for pension for the services of her late husband; General "Stonewall" Jackson, in the war with Mexico has been received at the Pension Office at Washington. The affidavit of General Longstreet, certifying to the service of General Jackson during the Mexican war, accompanies it. There is also the affidavit of Dr. Joseph Graham, who was present at her marriage on July 15, 1857, with General Jackson. "Commissioner Raum says there is no reason why this should not be granted."

A Prospective Lynching.

The nude body of Julia Gifford, a negress, at Helena, Montana, was found yesterday literally filled with cuts from a knife. Chinese are supposed to have done the deed, and a dozen of them were under arrest last night, with prospects that a lynching would follow. The people are much excited.

5 O'CLOCK EDITION.

EVIDENTLY these are sorrowful days to England's Queen. She clings to life and to power as tenaciously as did old "Queen Bess," and yet she knows that the limit of both is well-nigh reached, and that her son, if he is ever to be King, ought to be given the title without much delay, for there are grave whispers that he is not long for this world. She is more than three score and ten, peevish, and ungovernable in her moods as she all her life has been, and one of the natural "bosses" of the earth. The Salt Lake Tribune says she has, moreover, a lot of Dutch cunning, and knows that with her abdication she would instantly cease to be the "First Lady of the Land." Heretofore the Princess of Wales has quietly submitted to her rule, but with her title advanced to "Queen of Great Britain and Empress of India," it would be for her to dictate the court. So the old Queen is worried, and we expect she will never relinquish the scepter until it shall be wrenched from her hand.

In answer to the Silver State's question, the GAZETTE will say that it regards T. B. Reed, Speaker of the House of Representatives, as unfriendly to silver, but no more so than Speaker Carlisle, who occupied that important position for four years under a Democratic gold-bug administration, and whom the Silver State warmly supported for a second term, which proves that paper to be more of a partisan than a silver organ. True, the Congressional Record shows that Bartine voted for Reed, but the Record only tells half the truth. It says nothing about the caucus in which our Congressman took a part and by whose act he was bound. The Silver State has been trying for several months to jam half the truth down the necks of its readers, when, if it did not wilfully wish to convey a wrong impression, it would have told the whole story.

The Humboldt county water suit is attracting a good deal of attention throughout Elko county, and a meeting has been called for April 12th to take steps to meet the proposition. If the people would follow the example set by Washoe and come to some understanding among themselves, instead of entering into a long, unsatisfactory and expensive lawsuit, they would settle their differences a good deal better and for one-quarter the money.

The revolt against the Gorman ring in Maryland must be very serious when the Baltimore Sun calls for a new deal. It has been an earnest Democratic advocate for years, but it has evidently found the Archer defalcation and Gorman's views regarding his successor too heavy a load for the Democracy to carry with any chance of winning the next race. Gorman's fall would be a stumbling-block in Cleveland's path.

AS A RESULT of recent experiments with smokeless powder the French military authorities are considering the expediency of abolishing brilliant colors, bright buttons, shining weapons, etc. These changes will tend to rob military life which has always made it attractive. Perhaps a compromise may retain the "fuss and feathers" for parade purposes with plain wrappings for fatigue duty.

WHILE some French papers are objecting to Chicago as the site of the World's Fair, and predicting a slim show of European exhibitors and visitors, Austria and Germany are preparing to make a big display of their industries. This will naturally compel the other leading commercial nations of Europe to show what they have to offer, unless they want to lose prestige in American markets.

EUSTIS of Louisiana had a great deal to say in the Senate in a speech recently about the valuable trade with China which we will lose by adopting the Chinese Enumeration bill. Our trade with China is vastly more valuable to the Chinese than to ourselves, and we are not going to lose it as long as John Chinaman retains his business sense. Senator Eustis ought to read up.

NEWS NOTES.

A monument will be erected to Johnstown's unknown dead. The Cherokee strip is now practically deserted by the "sojourners." "Manuprint" is the new name for the produce of the typewriter. An unusual large peanut crop is to be planted in Virginia this year. The Penobscot river harvest will amount to more than 550,000 tons. Nebraska wishes the new military post near Omaha named Fort Crook. Harrisburg, Mich., with a population of 300, has not had a death for six months. The ruined district in Louisville embraced a patch three miles long and 400 feet wide. Winchester, Va., has a boom and a \$100,000 hotel and several large manufacturing industries are projected. Massachusetts has just followed New York in the organization of a naval battalion of the volunteer militia. A firm at Bolivar, N. Y., is busily engaged manufacturing gas from crude oil. It is claimed that it beats old nature. St. Louis has begun its movement looking to the erection of a monument to the great engineer, the late Captain James B. Eads. Montreal is perturbed by the recently acquired knowledge that frequent wagon-loads of dynamite are carted through its streets. Investigation of the book of ex-City Treasurer Herman Hansher of Laporte, Ind., has developed a shortage of over three thousand dollars. Northern men have bought the land at Appomattox Court House, Va., where Lee surrendered and the last battle of the Civil War was fought. Calais, Maine, is becoming nervous about her filthy streets, unwholesome school houses, etc., and with reason. Diphtheria has made its appearance. Hon S. V. R. Trowbridge has resigned his position as State Attorney-General of Michigan on account of continued ill-health. His mind is effected. One of the prisoners in the Albany Penitentiary, whose sentence will expire April 1st, has asked permission to remain a year and care for the flower-beds. Maryland's new cigarette law requires the seller to pay an extra tax of \$50, and to make affidavit that the cigarettes he sells contain no injurious drug. The growth of Brooklyn, N. Y., has been so rapid that the real estate dealers there that they have decided to erect a Real Estate Exchange at a cost of \$250,000. The Supreme Court of North Carolina has decided that no city or town has the right to foster manufacturing enterprises by exempting them from taxation.

MISCELLANEOUS.

Dyspepsia

Makes many lives miserable, and often leads to self-destruction. Distress after eating, sick headache, heartburn, sour stomach, mental depression, etc., are caused by this very common and increasing disease. Hood's Sarsaparilla tones the stomach, creates an appetite, promotes digestion, relieves headache, clears the mind, and cures dyspepsia.

In a Terrible Condition. "I owe my life to Hood's Sarsaparilla. For two years I was in a terrible condition with dyspepsia. I could eat nothing but soda crackers, and my weight fell from 170 to 135 pounds. Hood's Sarsaparilla helped me at once, and after using 12 bottles I was entirely cured. I have gained my usual weight, 170 pounds, and have had excellent health ever since." T. J. WILSON, 29-26 1st South Street, Salt Lake City, Utah.

Headache—Hot Flashes. "I had headache, hot flashes, nervousness and swelling across my body, pain in my right side, with frequent vomiting. I used Hood's Sarsaparilla with the best results. I am in better health than for four years. Hood's Sarsaparilla is safe, reliable, and sure." J. C. WILLSON, Auburn, Cal.

OUR COLUMN.

These Are the Books

We Are Giving Away.

This book contains 480 pages; is eight and one-half inches long, six inches wide and two inches thick. It is printed on extra heavy paper and is handsomely bound with embossed cover and gilt-lettered back.

It is a different from all other works ever published. First—It teaches those who have how to detect the disease when a person gets sick.

All similar books tell what to do if you know what the disease is. This book tells you HOW TO DETECT THE DISEASE, and then what to do for it.

No other Book Published does this. Second—When a person is really attacked by a dangerous disease, it enables you to know the fact, and in such cases its advice is: "Send for a competent physician at once." But in all ordinary cases, such as can be easily cured, it gives full directions for treatment.

Third—It is not confined to the practice used by any one class of physicians; but it gives, separately, and for each disease, the methods used by each of the different schools of medicine, and in ALL CASES THE PRESCRIPTIONS ARE MADE BY THE MOST EMINENT MEN in their respective modes of practice. This makes the work specially suited to the needs of every family, no matter what medical school they prefer.

After examining the advance sheets of the work entitled "Our Family Physician," I can fully endorse the opinions expressed of its merits by the above gentlemen. It is a GUNN, M.D. Professor of the Harvard Medical College.

I have examined the advance sheets of "Our Family Physician." It gives a pleasure to recommend the work as correct in its mode of treatment of disease, and it deserves wide circulation.

The Ability to Bear Pain

Is the test for fortitude among the Indian tribes. But we defy any Cherokee, Sioux or Comanche to endure the twinges of rheumatism without wincing. These indeed are slight at first, but grow in intensity until they become unbearable. No malady is more obstinate in its maturity than that which gives rise to them. The more need, then, of attacking it at the outset. Foremost among remedies for it is Hostetter's Stomach Bitters, safer and infinitely more effective than cathartics and purgatives. All remedies which might prove destructive of life in a slightly excessive dose. Mineral depurants, also, when not positively mischievous, are far inferior in remedial power to this salutary tonic medicine. It entirely expels from the blood the acid impurities which originate the disease, and enriches as well as cleanses it. Constipation, liver complaint, dyspepsia and other ailments also give way to it.

CATARH.

Catarhal Deafness—Hay Fever A New Home Treatment.

Sufferers are not generally aware that these diseases are contagious, or that they are due to the presence of living parasites in the living membrane of the nose and eustachian tubes. Microscopic research, however, has proved this to be a fact, and the result of this discovery is that a simple remedy has been formulated whereby catarh, catarhal deafness and hay fever are permanently cured in from one to three simple applications made at home by the patient once in two weeks.

N.B.—This treatment is not a snuff or an ointment; both have been discarded by reputable physicians as injurious. A pamphlet explaining this new treatment is sent on receipt of three cents in stamps to pay postage. A. H. Dixon & Son, 437 and 439 West King Street, Toronto, Canada.—*Christian Advocate.*

Sufferers from Catarhal troubles should carefully read the above.

On a recent visit to Iowa, Mr. K. Dalton of Luray, Russell Co., Kansas, called at the laboratory of Shoemaker & Co., Des Moines, to show them his six year old boy, whose life has been saved by Chamberlain's Cough Remedy; it having cured him of a very severe attack of croup. Mr. Dalton is certain that it saved his boy's life and is enthusiastic in his praise of the Remedy. He says it has an excellent reputation in his vicinity; that farmers come fifteen miles to his store for it and that many of them, like himself, are never without it in their homes. For sale by Shoemaker & Co.

Merit Wins.

We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Bucklin's Arnica Salve and Electric Bitters, and have never had a single complaint that we have not cured. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merit. Wm. Plummer Druggist.

A Safe Investment.

Is one which is guaranteed to bring you satisfactory results, or in case of failure a return of purchase price. On this safe plan you can buy from our advertised druggists a bottle of Dr. King's New Discovery for Consumption. It is guaranteed to bring relief in every case, when used for any affection of Throat, Lungs or Chest, such as Consumption, Inflammation of Lungs, Bronchitis, Asthma, Whooping Cough, croup, etc., etc. It is pleasant and agreeable to taste, perfectly safe, and can always be depended upon.

A LINCOLN COUNTY HOMICIDE.

One Man Killed and Another Wounded.

The Picche Record of the 29th ult. says: The residents of the heretofore quiet little village of Clover Valley, where a large force of men are employed grading for the extension of the Utah Central, were startled last Friday evening about 10 p. m. by a succession of pistol shots in the saloon owned by Mr. McNally. After the firing ceased several citizens repaired to the saloon where the dead body of Louis Fox was found, having been shot through the heart. The circumstances which led to the tragedy are as follows:

It seems that the deceased with some others were in the habit of sleeping in McNally's saloon. On the evening of the tragedy, it being time to close for the night, McNally requested those present who were not lodgers to retire. Chapman, who did the shooting, was rolling a cigarette at the time and responded that he would go as soon as he got a light. The deceased, who was somewhat under the influence of liquor, remarked that if he was running the saloon he would go damn quick or words to that effect. Some angry words passed between the men, when the deceased (Fox) pulled a double action pistol and fired two shots at Chapman, when the latter pulled his gun and killed him. Chapman escaped unhurt, but McNally, the owner of the saloon, and a disinterested party, received one of Fox's bullets in his shoulder. McNally's wound is not dangerous.

PERSONAL.

Judge Sabin of the United States District Court went below last evening.

C. W. Verplank and W. R. Lee of Churchill county, were in town yesterday.

R. R. Parkinson of the Carson Tribune came over from the State Capital last evening.

Mrs. S. Beemer came down from Truckee this morning on a visit to Reno friends.

Mrs. Mary Poor left last evening for Oakland on a visit to her daughter, Mrs. Irwin Ayers.

Allie Kinkead is down from the Comstock on a visit to his mother, sister and brother.

Joseph Platt, the pioneer clothier of Carson City, returned this morning from San Francisco.

Hon. Thomas Fitch and wife are registered at the Palace Hotel in Reno, and are expected in Reno soon.

Mrs. M. Hawcroft, who was so badly run over a few weeks since by being run over by a runaway team, was able to ride out to-day.

The Navel Orange.

The New York Sun says: What is known as the navel orange is said by dealers to be now the queen of this sort of fruit. The best growth comes from Southern California, where the raising of this particular orange has become recently a craze. Last season in San Bernardino valley 550,000 trees were planted, and it is expected before this season is over there will be 1,000,000 in all set out. The genuine fruit commands a high price, and dealers in California produce here in New York say that not many of the real navel oranges reach this market. The Eastern limit of supply just now is Chicago.

The Prentice Homicide.

Last evening's Virginia Chronicle says: To-day Sheriff McCullough, at the request of John Taylor, who surrendered himself March 31st, after killing W. D. Prentice in Seven-mile Canyon, filed a charge of murder against the homicide in Justice Kehoe's Court, and Monday, April 7th, was set as the date for a preliminary examination. The examination is merely a matter of form, for the purpose of having Taylor released from custody, as he was a voluntary prisoner and the Sheriff cannot release him from confinement without the formality of a hearing.

CHURCH NOTICES.

M. E. Church.—The Easter services in the M. E. Church to-morrow will consist of a sermon to the children on the Resurrection at 11 a. m., and a grand Sunday School concert in the evening at 7:30. Good music furnished both morning and evening.

CONGREGATIONAL CHURCH.—Services will be held at McKissick's Opera House on Sunday evening, commencing at 7:15 p. m. Miss Flora Finlayson will assist in the service of song and render one or more sacred solos. The public are cordially invited.

Expects No Frost This Season.

S. A. Kinsey of Genoa, the most extensive fruit-grower in Douglas county, informs the Courier that he does not expect a fruit crop this season, believing that the large quantity of snow in the mountains will create June frosts sufficient to kill all fruit.

Tammany Alarmed.

The exposure of crookedness in the New York Sheriff's office has created such alarm in the Tammany wigwag that Richard Crocker, the sachem, has been recalled from Carlsbad, Germany.

Notice.

There will be a meeting of the Whys in Thompson's Hall, Monday evening, April 7th, at 8 o'clock. Come all, and why not? By order of the Chief Why.

Attention is called to our 50-cent column, in which Dr. Dawson offers to sell his residence on West street. This is one of the most desirable locations in the town and should not go to a beggar or a purchaser. Parties desiring to secure a home should inspect this property at once, before it is too late.

AN AMERICAN INVENTION.

Appreciated by Australian Wool Growers.

The Illustrated Sydney News states that one of the wool companies there has a burring machine recently imported from America which effectually eradicates all burrs and other extraneous matter from sheep skins, and its work is done in the most complete manner; skins thickly matted with burr and wool are put through this machine and turned out clean and free, without doing the slightest injury to the wool, while its value is materially enhanced. This is a great acquisition to the company in their felt-mongering department, enabling them to treat the very worst class of skins in a complete and satisfactory manner. There is also connected with these works a tannery on an extensive scale, from where 200 dozen pelts per week are converted into basins of a high class, for which there is a ready market.

Special Announcement.

S. Jacobs, the leading and fashionable merchant tailor, wishes to announce that on Monday, April 7, he leaves for San Francisco for the purpose of selecting the most magnificent stock of piece goods, suitable for the spring and summer fashion. I pay strict attention to this branch of my business, and my prices will be so low as to defy competition, and a perfect fit guaranteed. I hope the public at large will wait until the arrival of my spring and summer goods, and you will get better satisfaction and save 25 per cent. Yours respectfully, S. Jacobs.

What American-Germans Think.

German opinion in New York, while it is almost unanimous in its condemnation of many of Bismarck's methods, is unfavorable to the independent course of the young Kaiser. There is a general feeling that Germany is entering upon a dangerous period, and that the Emperor is likely to be a headstrong.

To Be Brought In.

It is understood in Washington that the report of the Inter-State Commerce Committee in regard to the Canadian Pacific Road will be quite severe on the corporation, and will recommend such legislation as will bring this corporation under the provisions of the Inter-State Commerce Act.

An Easter Breakfast.

Secretary and Mrs. Noble have issued invitations for a breakfast on Easter Sunday. The fact of so unusual event occurring on the date set has proved a fruitful source of discussion among church members and fashionable circles generally.

A Steamer Race.

A race last Thursday between the fast steamers Olympian of the Union Pacific line and the new Hudson river steamer, City of Kingston of the Northern Pacific Company, to Seattle from Tacoma, resulted in the defeat of the Kingston.

A Lucky Turn.

To buy a mine for a bad debt of \$50 and sell it within a dozen years for \$1,000,000 sounds like a story of the old bonanza days. It is the fortune which came to the Montana man who owned the Lexington mine.

Advice to Mothers.

Mrs. Winkler's SOOTHING SYRUP should always be used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle. 17

HOW TO MILK.

To Do Her Best, the Cow Must be Kindly Treated.

It is generally understood that fast milking has the advantage of securing more milk than slow milking. But we are not aware of any scientific experiments to determine the fact. Ralph Allen of Delavan, Ill., however, gives to the Jersey Bulletin a little experience that well illustrates the difference. His boy was learning to milk, and took two and a half times more time than a fast milker, who got from the cow at each milking nine to twelve and a half pounds of milk. The boy could get only seven to nine pounds. The evidence in favor of fast milking was pretty conclusive, provided the time in milking was all the difference that affected the flow. The fast milker may have been more agreeable to the cow, and his manner of milking may have been more agreeable. The bumbling of the boy may have been positively annoying to the cow. This would affect her "giving down," as it is called. It may have quite as much to do with the variation in the yield as the difference in time of drawing the milk had. You must please the cow if you want her to do her best. More or less milk is secreted during milking—as saliva is secreted during eating. If the cow is annoyed, it checks the secretion of milk; if pleased, it stimulates it. For these reasons it is important to have fast milkers who are good-natured and agreeable to the cows.

CHINESE RAILROADS.

The Obstructionists Carry their Point.

The Engineering Journal contains the following:

For some time past there have been very contradictory advices in relation to the Chinese Railroads. Nearly a year ago the proposed extension of the Tientsin-Tian line—the only railroad in China—was stopped after work had actually begun upon it. In September last a new start was taken, and it was stated that the construction of a very important trunk line, extending from Peking across the country to Hankow, a distance of about seven hundred miles, was begun. The latest news, however, announces that the project which was opposed to the introduction of railroads and other foreign inventions has succeeded in carrying its point, and that the building of this road had been indefinitely postponed. What the result will be it is impossible to say, but there is no doubt that the progressive party, headed by the Viceroy, Li Hung Chang, will use every effort to secure the execution of the first degree and the building of the road. Any innovation in China has to encounter such an enormous opposition from the rooted political and social prejudices of the people that the introduction of railroads is no easy task.

SEVED HIM RIGHT.

Why an Arizona Business Man Came to Grief.

The Arizona Kicker says: "Six weeks ago a man named Scott opened a grocery store on Comanche street, and when we casually dropped in and mentioned the fact that the Kicker was the best advertising medium in the West, he didn't enthuse. We knew there was something wrong about him, and we sent his description to the sixty-four Sheriffs and Chiefs of Police who are constantly in communication with us. Last Thursday, just after we had gone to press, a detective arrived from Louisville and collared Mr. Scott, who is a defaulting County Treasurer. He has left us, and we bought the stock of groceries at about twenty-two cents on the dollar. Had Mr. Scott advertised, he would doubtless have built up a large and profitable business, but he took a wrong view of it, and will probably go to State Prison for the next fifteen or twenty years."

RING SEE-SAW.

How New York City is Robbed by the Democracy.

Of the recent scandal in the Sheriff's office the New York Tribune asks: How often and how long must history in New York City repeat itself before its plainest lessons are learned? Tammany steals while, gets found out and is defeated. The County Democracy steals while, gets found out and is defeated. Tammany meanwhile has been converted, and now comes forward under the banner of reform. She gets the offices and straightway sets herself at work stealing, not only to satisfy present greed, but to make up for lost time. She falls before the blows of an investigating committee, and the County Democracy comes back. And thus it goes on, and on, and on.

A WORD OF CAUTION.

In this as in every other locality where it is known, there are hundreds who are taking Joy's Vegetable Sarsaparilla, and in nine cases out of every ten it is effecting specific cures. But we come to us occasionally a person who reports that it operates too freely upon the bowels. We want to say to those that they are not following the printed instructions and are taking too much of it. If it gets too freely reduced the dose, never taking any more than causes easy and perfect action. Keep your bowels regular, but not too much greasy food, and we will have your testimonial within a fortnight. If taken under these conditions it is an absolute cure for indigestion, dyspepsia, sick headaches, constipation, face eruptions and liver and kidney disorders. It may be used as a purgative with an equal degree of safety. But the reason is clear. All those troubles are the legitimate result of improper liver and kidney action or impaired digestive organs. Its effects upon these functions are as astonishing to the medical fraternity as to the thousands who are daily taking it.

Mr. B. F. Masters, Cashier of Emmit & Co.'s Bank at Waverly, Ohio, says: "I consider Chamberlain's Cough Remedy the best I have ever used. After using several other kinds, without benefit, I tried it and it quickly cured me, after years of suffering with an annoying cough and throat trouble." 50 cent bottles for sale by Shoemaker & Co.

There is a time when the feeling of lassitude will overcome the most robust when the system craves for pure blood to furnish the elements of health and strength. Best remedy for purifying the blood is Dr. J. H. McLean's Sarsaparilla.

SIMPLY MARVELOUS!

SCARCELY eight months ago a medical discovery was placed upon the market bearing the title "THE GREAT SIERRA KIDNEY AND LIVER CURE," and whose virtue was claimed to be the cure of kidney and liver complaints. ITS INTRODUCTION WAS THE SIGNAL FOR ONE OF THE GREATEST SUCCESSSES ever achieved by a patent medicine on the Pacific Coast, as the afflicted quickly ascertained that it was far more efficacious and beneficial than had been claimed, as THE MOST WONDERFUL CURES WERE ACCOMPLISHED IN SUCH A BRIEF TIME as to seem MIRACULOUS. The testimony of hundreds who have been lifted from sickness and misery to health and happiness bears no uncertain sound, and they join in glowing testimonials of universal praise, hoping thereby to induce other unfortunates to drink of the font which restores that which is priceless, health. ONE TRIAL WILL CONVINCE THE MOST DESPAIRING THAT AT LAST A DISCOVERY HAS BEEN MADE which will restore a disorganized system and bring glowing health out of pale and sallow decline. One dollar per bottle. Six bottles for five dollars. ALL DRUGGISTS sell these valuable goods. Take no other.
